Jessica and Travis are great people! They are extremely professional, knowledgeable, and polite. I went with their SB3 5 year Ceramic Coating including a 2 step paint correction (they were able to remove what i called a deep scratch) on my Camaro and couldn't be happier! They came to my house to evaluate the car and provide an estimate. Once the appointment day arrived, they picked up my car and brought it back after it was finished. That's what I call service! I also had my windshield coated and I don't even need my wipers when it rains, the water just rolls right off. I'm glad I could support a local small business and will definitely be using them again. Highly recommended!

I am so glad we found Luxe Insurance. It was such a pleasure working with Alexa and Tyler. We have owned our business for 6 years and finally started growing and needed to switch our insurance around. They found exactly what we needed and the best pricing. They are very knowledgeable and professional. I have referred them to friends and everyone has been so pleased. Cannot say enough good things about this company. Thank you!!

Alexa from Luxe Insurance Brokers really helped me out. Not only did she save me money on my house and auto insurance but upped my coverage! I didn't think it was possible! She was so helpful and informative and never pressured me in getting what I didn't want or need. Without her I never would have realized the lack of coverage for not only my home and auto, but help me go through each policy and found the BEST coverage at the BEST price. Alexa made it easy and now I feel like someone is looking out for my best interest. I highly recommend Luxe Insurance Brokers and thank you Alexa for all you did!

We had insurance with a company for 25 years and I really didn't know my coverage After contacting this insurance company And speaking with Alexa She explained to me The dangers of not knowing my coverage. For basically the same amount I am double covered in medical Now have towing, We'll get money back every 6 months if no claims. I highly recommend her she is very knowledgeable and experienced. Most importantly she seems to really care. I have referred many of my friends to her with the same results. Please give her a chance you won't regret it.

I just switched insurance over from another agency to Luxe Insurance Brokers and so far I am absolutely impressed! Communication and Customer Service have been great; I have had immediate assistance via email and phone with my questions and concerns. Alexa was impeccable on providing me with all the options on every plan that would be ideal for me, while Tyler was also there to assist me with different perspectives of those plans to help me make the best choice for a plan to opt into. This is a dynamic duo that is sure to please anyone who is looking for a new insurance agency. I also really appreciated the follow up a couple weeks later from both Alexa and Tyler to check in on how I was feeling on my switch and if I had any other questions or concerns. Fabulous agency! Thank you Alexa and Tyler!

Alexa at Luxe Insurance was extremely professional and thorough finding us the best rate and coverage. She was extremely responsive when we had questions and catered the plan to our needs. Not only do we have better coverage but we are saving money! Thank you for providing quality service and explaining the ins and outs of insurance. Alexa is knowledgeable and takes the time with her clients. I highly recommend Luxe insurance to those looking for a quality insurance broker.

Going through luxe has saved me money and given me better coverage. Alexa was extremely helpful and finding the best coverage and explaining what I was getting exactly. Tyler was very knowledgeable when helping with my motorcycle and felt like they don't rush through the process. Definitely my best experience with insurance!
